    - webWorkerCtrl.js
- CSS/
    - Style.css
- Assets/
    - Arrow_blue.png
    - Arrow_green.png
    - Arrow_red.png

Using your choice of FTP or online file management upload either the individual files or a zipped file.

If using a zipped file un-zip it.

Note: only use the zipped file option if the remote host has the ability to un-zip it

Browse to this location through a standard web browser, the installation is complete.

Uninstallation

Access the host location through FTP of online file management, delete all files and container directory.
